ORDER:-

In the G.O.first read above, permission was accorded for drawal of 1.20 cusecs or 0.03 TMC/year from Yeleru River near Yerravaram by M/s Nava Bharat Ventures Limited, Sugar Division, Samalkot. Subsequently the off-take point was shifted to Km 1.400 Downstream of Yerravaram Service Bridge on Yeleru vide Memo 3rd read above.

2. The Engineer-in-Chief, Irrigation in the reference second read above has submitted proposals to Government for according permission for the drawal of 4.50 Cusecs or 0.142 TMC per year of additional quantity of water from Yeleru River at 1.4 Km downstream of Yerravaram Service bridge by M/s Navabharat Ventures Limited, Sugar Division, Samalkot for the proposed 135 MW Thermal Power Plant at Dharmavaram Village. He has stated that the proposal will not affect the existing upstream utilizations and lower riparian rights and requested to communicate orders in the matter.

3. Government after careful examination of the proposal hereby accord permission to ENC, Irrigation to supply 4.50 Cusecs or 0.142 TMC per year of additional water per year from Yeleru River at Km 1.400 Downstream of Yerravaram Service Bridge to M/s Navabharat Ventures Limited subject to, subject to the following conditions:-

Conditions:

1. The water can be spared based on the availability of water in the Yeleru River.
2. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only
3. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the user shall be present at all times for inspection.
4. The Industry should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate / royalty the permission to draw water shall stands cancelled
5. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease of Government should be paid as fixed by Government only.
6. The Industry shall obtain the prior concurrence from concerned Departments for laying pipeline and for crossing etc

7. The Industry should make their own arrangements for supplementation of water in their premises only
8. The Industry should make their own arrangements to dispose the treated effluents as per norms of A.P.Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the District Collector concerned and A.P.Pollution Control Board are to be obtained in this regard before drawal of water from the source.
9. The Irrigation Departments reserves the right for cancellation of the permission without assigning any reasons thereof
10. The Irrigation Department is no way responsible for non-supply of water due to any reasons.
11. The Industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permission is to be obtained from the Government for leasing the land and the lease amount as fixed is to be paid by the Industry.
12. The Industry must strengthen the river margin 100 m., on either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department
13. The Industry should lay the pipeline duly leaving not less than 1.00 m, from the toe of the River Flood Bank
14. The Industry has to lay CC (1:4:8) before laying the pipeline and CC (1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the Department
15. The Industry has to construct CC walls to avoid leakage at pipeline crossings
16. The water drawn from the Yeleru River should be utilized for the purpose for which permission is granted. Any misuse on this account shall entail cancellation for the permission without any notice and liable for imposition of penalty
17. The Industry should follow the Revenue Board Standing Orders
18. The Industry shall pay security deposit at 2.5% on ten years water charges for which permission is granted
- 19. The permission accorded shall be for a period of 10 years. The permission shall have to be renewed well in advance before the expiry of permission**
20. The Industry shall pay one year water charges as advance and any amounts due to the Department before entering into agreement
- 21. The Industry should pay Water charges as per G.O.Ms.No.39, I&CAD Dept., dated 2.4.2002 at the rate of Rs.1.50 Ps per 1000 gallons as the water is used for consumptive use or at the revised rates fixed by Government from time to time.**
22. The Industry should make its own arrangements for summer storage in their premises only
23. The Industry has to conclude agreement with the Officers concerned of Irrigation Department
24. A detailed plan showing the location, the intake arrangements, details of pump house, conveyance system etc., shall be furnished to the Department.
25. The Industry shall abide any other conditions laid down by the Government / Department from time to time
26. The firm has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO
27. The consumptive utilization of 24,26,112 Gallons per day (4.50 cusecs) as required should not exceed under any circumstances
28. The Department is no way responsible for any damages that may occur to the off take point due to Floods in Yeleru River or on account of any other reasons.
29. The permission does not confer any riparian right to the industry
30. Non-adherence of any of the above conditions by the industry will entail cancellation of the permission

(P.T.O.)

The Engineer-in-Chief, Irrigation is requested to take necessary further action in the matter and conclude agreement specifying the above conditions with the Industry and ensure that the Industry pays water charges promptly for the water drawn from irrigation source including arrears if any for the earlier consumption of water.
